Brewster's Millions

Copyright, 1901, by Herbert S. Stone & Company

By GEORGE BARR McCUTCHEON (RICHARD GREAVES)

"You were certainly cut out for an executive, Monty," said Mrs. Dan. "But with the music and the decorations arranged you've only begun. The favors are the real things, and if you say the word we'll surprise them a little. Don't worry about it, Monty. It's a go already. We'll pull it off together."

"You are a thoroughbred, Mrs. Dan," he exclaimed. "You do help a fellow at a pinch."

"That's all right, Monty," she answered. "Give me until after Christmas and I'll have the finest favors ever seen. Other people may have their paper hats and pink ribbons, but you can show them how the thing ought to be done."

Her reference to Christmas haunted Brewster as he drove down Fifth avenue with the dread of a new disaster. Never before had he looked upon presents as a calamity, but this year it was different. Immediately he began to plan a bombardment of his friends with costly trinkets, when he grew suddenly doubtful of the opinion of his uncle's executor upon this move. But in response to a telegram Swearingen Jones, with pleasing irascibility, informed him that "any one with a drop of human kindness in his body would consider it his duty to give Christmas presents to those who deserved them."

"You are a thoroughbred, Mrs. Dan," he exclaimed.

joy to the heart of every wearer in antiquities in Fourth and Fifth avenues. He gave much thought to the matter in the effort to secure many small articles which elaborately concealed their value. And he had taste. The result of his endeavor was that many friends who would not have thought of remembering Monty with even a card were pleasantly surprised on Christmas eve. As it turned out, he fared very well in the matter of gifts, and for some days much of his time was spent in reading notes of profuse thanks which were yet vaguely apologetic. The Grays and Mrs. Dan had remembered him with an agreeable lack of ostentation, and some of the Little Sons of the Rich who had kept one evening a fortnight open for the purpose of "using up their meat tickets" at Monty's were only too generously grateful. Miss Drew had forgotten him, and

could afford to let this prove a serious loan of all of the banks were unusually large. Incipient runs on some had put all of them in an attitude of caution, and there was a natural reluctance to expose their own interests to jeopardy by coming to the relief of the Bank of Manhattan Island.

Monty Brewster had something like \$200,000 in "Colonel Drew's" bank. He would not have regretted on his own account the collapse of this institution, but he realized that it meant to the hundreds of other depositors, and for the first time he appreciated what his money could accomplish. Thinking that his presence might give confidence to the other depositors and stop the run, he went over to the bank with Harrison and Bragdon. The tellers were handing out thousands of dollars to the eager depositors. His friends advised him strongly to withdraw before it was too late, but Monty was obstinate. They set it down to his desire to help Barbara's father and admired his nerve.

"I understand, Monty," said Bragdon, and both he and Harrison went among the people carelessly asking one another if Brewster had come to withdraw his money. "No, he has over \$200,000, and he's going to leave it," the other would say.

Each excited group was visited in turn by the two men, but their assurance seemed to accomplish but little. These men and women were there to save their fortunes; the situation was desperate.

Colonel Drew, outwardly calm and serene, but inwardly perturbed, finally saw Brewster and his companions. He sent a messenger over with the request that Monty come to the president's private office at once.

"He wants to help you to save your money," cried Bragdon in low tones. "That shows it's all up."

"Get out every dollar of it, Monty, and don't waste a minute. It's a smash as sure as fate," urged Harrison, a feverish expression in his eyes.

Brewster was admitted to the colonel's private office. Drew was alone and was pacing the floor like a caged animal.

"Sit down, Brewster, and don't mind if I seem nervous. Of course we can't hold out, but it is terrible, terrible! They think we are trying to rob them. They're mad--utterly mad."

"I never saw anything like it, colonel. Are you sure you can meet all the demands?" asked Brewster, thoroughly excited. The colonel's face was white, and he chewed his cigar nervously.

SEEKING HIS LIFE

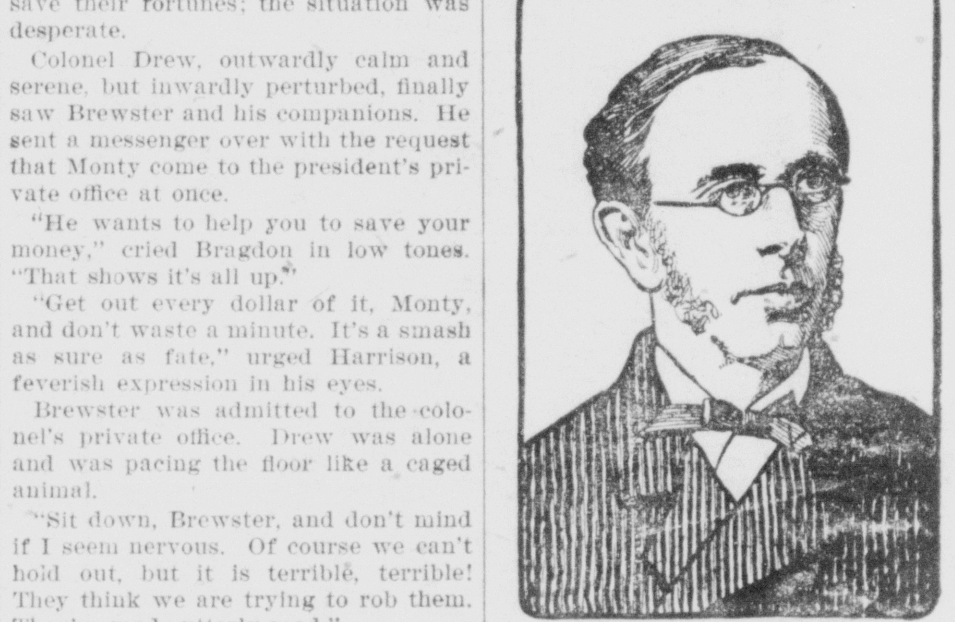

Attempted Assassination of Most Influential Man in Russia.

THE STORY IS VAGUE

According to Circumstantial Report the Life of Procurator of Holy Synod Was Sought by Assassin.

Quick-Witted Bystander Seized the Anarchist as He Tried to Shoot Protopopov.

St. Petersburg, July 20.—A circumstantial report of an attempt on the life of Constantine Petrovitch Protopopov, chief procurator of the holy synod, is current in St. Petersburg today, but official confirmation is lacking. The authorities and

PETROVITCH PROTOPPOV.

even the police at the Tsarskoe Selo railway station here, where the attempt is reported to have been made, disclaim all knowledge of any such happening.

According to the report, as M. Protopopov stepped from one of the coaches on the train from Tsarskoe Selo, where he is residing during the summer, to the platform, a man about twenty-eight years of age rushed up with a revolver in his hand, but he was seized by a quick-witted passenger before he could shoot, and was turned over to the police.

ASSASSINS ACTIVE

Attempt to Kill Vice Governor of Finland Miscarries.

Helsingfors, Finland, July 20.—Late yesterday afternoon, two hours after Karl Leonard Hohenthal had been sentenced to imprisonment for life at hard labor for the assassination of Procurator General Soisalon Soisalo on Feb. 6 last, an attempt was made to assassinate Vice Governor Deutrich as he was leaving the senate.

The vice governor had walked across the square, when suddenly, as he neared the police master's office, a man on the curb threw a bomb from a distance of fifty paces. The bomb fell short, but the vice governor was blown off his feet by the terrific force of the explosion, which shattered the windows in the neighborhood for a distance of hundreds of yards.

Vice Governor Deutrich was hastily assisted to the police station. He was burned and otherwise injured about the legs and bled profusely, but his wounds are declared not to be fatal. The bomb thrower was pursued by naval cadets, but escaped.

POLICE WERE THERE

Russian Zemstvo Congress Met With Official Interruption.

Moscow, July 20.—The zemstvo congress was opened in the residence of Prince Dolgoroukoff. The congress was attended by 225 delegates. Count Heyden, leader of the deputation, representing the congress recently received by the emperor, presided.

M. Golvin, president of the organizing committee, had barely started a statement dealing with the obstacles placed in the way of the congress, announcing that Governor General Kozloff had promised that there would be no recourse to extreme measures, when the chief of police with numerous commissaries and officials entered the room. The chief announced that the prefect had prohibited the meeting of the congress and ordered the seizure of the documents. Count Heyden protested against the proceedings, but the chief of police began taking the names of the delegates. Then cries were raised of "Write down the whole of Russia!"

Many persons present, who were not delegates to the congress requested that their names also be taken. The police then departed in order to draw up summonses, and the sitting was resumed. The scheme of a national assembly on the basis outlined by the committee presided over by M. Bouligan, minister of the interior, was minutely and critically discussed and denounced as totally inadequate to remove Russia's internal grievances, because, including a property qualification and an electoral system by classes, it prevented the assembly from truly interpreting the will of the nation while the exclusion of numerous categories of citizens from the

franchise was a contradiction of the principles of equity and reasonable state policy.

At the same time it was recognized that the proposed assembly would comprise a considerable portion of the social forces of the empire and serve as the center of a social movement which would tend to secure political liberty and regular national representation. Therefore it was considered desirable that in the event of the carrying out of the assembly or a similar project the delegates of the zemstvo and municipalities should participate in the assembly to the greatest possible extent with the object of forming a compact group and to obtain a guarantee of individual and public liberties.

Numerous resolutions embodying the foregoing criticisms were adopted unanimously, as were also resolutions complaining of excessive administrative and police control of elections and insisting that publicity be given to the proceedings of the proposed assembly which should be in direct relation with the emperor without interference from the council of the empire.

Censorship Is Defied.

St. Petersburg, July 20.—The zemstvo congress at Moscow is exciting keen interest in St. Petersburg, but the newspapers have received strict orders not to mention it. The Slovo, however, defies the prohibition and today prints a dispatch of several thousand words covering the proceedings of the congress.

Komura Reaches Seattle.

Seattle, Wash., July 20.—The steamer Minnesota with Baron Komura on board arrived this morning.

Chinese Pronounce a Boycott on American Products.

Washington, July 20.—The state department has been informed by its consuls that the Chinese boycott against American goods which has been instituted was organized by the trade guilds in five ports, Shanghai, Canton, Tientsin, Hankow and New Chwang. It is believed the boycott will not be successful or do any particular injury to American goods except in the cities of Canton and Shanghai, where the guilds are stronger than elsewhere. There is no official action which the United States government can take as long as it remains a simple boycott or refusal to purchase American goods, but it is thought the boycott will be discouraged by the Chinese government as far as possible.

Jury Sought Instructions.

Portland, Ore., July 20.—After remaining in secret deliberation for more than twenty hours, the jury in the case of Congressman Williamson and Messrs. Van Gessner and Biggs, charged with subornation of perjury, reported to Judge DeHaven in the United States circuit court that it was unable to arrive at a verdict and asked for additional instructions. Judge DeHaven read some further instructions and requested the jury to retire and deliberate further.

Received Life Sentences.

Parkersburg, W. Va., July 20.—At Grantsville Lewis Hendricks and Robert McCroskey pleaded guilty to first degree murder and were sentenced to the penitentiary for life. They were charged with the murder of Henry Blackshire at his home on May 3. Mrs. Blackshire, who they say employed them to kill her husband and aided them in the crime, has been indicted for first degree murder and will stand trial.

Interment May Be Delayed.

Washington, July 20.—It is stated at the navy department that the final interment of the remains of John Paul Jones may not take place this fall. It is explained that it is the present intention finally to deposit the remains beneath the great memorial chapel at Annapolis, which it is said cannot be completed this year.

TERSE TELEGRAMS

Crop damage reports come from the Northwest.

Edward Gottschald, under sentence of death, hanged himself in the county jail at St. Paul.

Seventy-five persons died from the effects of heat in New York Wednesday and ten died in Philadelphia.

Mrs. John A. Logan has formally tendered the valuable historical collection owned by Mrs. Logan to the state of Illinois.

Korea has decided to send two representatives to Washington to attempt to secure a hearing before the peace plenipotentiaries.

The Window Glass Snappers' National Protective association has made application for admission to the National Association of Window Glass Workers.

Lighting which ran down a telephone wire and struck a box of dynamite at a mine near Des Moines, Ia., killed five miners who were taking shelter from the rain.

A respite of thirty days has been granted by Governor Folk of Missouri to Henry Heusack and Lamber Neuhaus, convicted of murder, who were to be hanged next Monday.

Floating Pool Room at Chicago Protected by Uncle Sam.

A FEDERAL INJUNCTION

Prevents the Chicago Police From Interfering With "Wireless" Race Track Reports.

Judge Betha While Decrying Gambling, Says He Has No Other Course.

Chicago, July 20.—Indirectly protected by a federal court injunction, Chicago's floating poolroom, the City of Traverse, went into commission again today and this afternoon received racing news from the wireless telegraph company, as was the practice before the Chicago police raided the offices of the telegraph company some time ago. After hearing the arguments in the case Judge Betha in the United States circuit court issued an injunction restraining Mayor Dunne, Chief of Police O'Neil and their officers and agents from interfering with the business of the wireless telegraph company in any way. Counsel for the wireless telegraph company raised the point that the city did not have the power to interfere with interstate commerce in the form of messages sent from state to state by means of telegraph, and he was upheld by the court.

ENCOURAGING REPORT

Creditors of Vigo National Bank May Get Their Money.

Washington, July 20.—The comptroller of the currency has received the first report of W. D. Frazer, receiver of the Vigo County National bank of Terre Haute, Ind., which suspended June 28, 1905.

The receiver estimates the value of the assets as follows: Good, \$858,048; doubtful, \$203,104; worthless, \$68,533. He estimates the bank's liabilities as follows: Individual deposits, \$581,798; public deposits, \$264,668; certificates of deposit, \$49,103; due to national banks, \$33,008; due to other banks and bankers, \$7,942; making a total of \$936,520.

If these assets work out as estimated by the receiver the probabilities are that the liabilities of this bank to creditors will be paid in full without recourse to an assessment of the stockholders.

Body Buried in the Sand.

Chicago, July 20.—The body of a man buried head downward in the sand was found last evening in Lake Michigan about fifty feet off the end of Indiana street. The body was found by a bather who stumbled over the feet, which were sticking up out of the sand. The body was so tightly fixed in the sand that it could not be removed, and the police set to work with shovels to dig it out. Nothing was found about the body tending to identification.

Body Rested in State.

Chicago, July 20.—The body of General W. W. Blackmar of Boston, late commander-in-chief of the G. A. R., which arrived in Chicago at 7:30 o'clock this morning, was met by a delegation of Grand Army men led by General John C. Smith, commander of the department of Illinois, and escorted to Memorial hall in the public library, where it rested in state for two hours, after which the funeral party resumed its journey to Boston.

Held Up Cashier.

Waterloo, Ill., July 20.—A young man giving his name as John F. Dudley of Joplin, Mo., and his age as twenty years, waived into the State Bank of Waterloo and, placing a revolver at the head of Assistant Cashier Kaempner, made the latter turn over a roll of currency containing \$475, and disappeared. A posse was formed and after a search of an hour Dudley was captured and placed in jail. The money was recovered.

General Blackmar's Funeral.

Boston, July 20.—The body of General Wilmon W. Blackmar, late commander-in-chief of the Grand Army of the Republic, will arrive from the West Friday night. Sunday morning the body will be carried to the Hall of Flags in the statehouse, where it will lie in state from Tuesday morning to 2:30 p. m. The funeral will be held at 2 p. m., Sunday in the second Unitarian church. Interment will be at Cedar Grove cemetery.

Evidence All In.

Louisville, Ky., July 20.—The grain rate investigation by the interstate commerce commission has ended. In all probability several weeks will elapse before the case comes up again, as all the evidence that has been taken must be submitted to the five members of the commission.

RECEIVER APPOINTED

Simon McHie's Extensive Properties in Federal Hands.

Chicago, July 20.—Mrs. Amanda E. Stichtenoth of Cincinnati has filed in the United States circuit court a bill asking that a receiver be appointed for the Central Stock and Grain company of Chicago, the Central Grain and Stock Exchange of Hammond, Ind., and the Hammond Realty company of Hammond. Judge Betha of the court appointed in response to the bill the Equitable Trust company as receiver for the assets of the two grain exchanges and other property of Simon McHie, who is the chief stockholder and practical owner of the concern mentioned.

Recently Mrs. Stichtenoth obtained a decree for something over \$11,000 upon the showing that her money had been used in speculating in a bucket shop. In her bill it was declared by Mrs. Stichtenoth that McHie moved to Indiana with the consequence that no levy could be made on the property of the alleged bucket shop concern, and she was unable to obtain any portion of \$500,000 said to be held by a national bank of this city for McHie. The bank was also named in the bill, it being affirmed that the officials of the bank be enjoined from transferring the money. The restraining order against the bank was issued at the same time as the appointment of the receiver was declared.

The various companies named in the court proceedings and controlled by McHie are the largest of their kind in the United States, having a leased wire system that covers every state in the middle West.

Community Aroused.

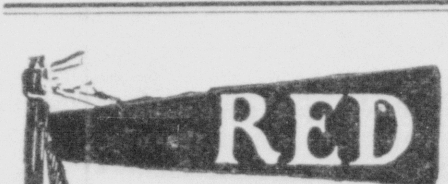

Wheeling, W. Va., July 20.—George Brown, a well-known farmer of Watzel county, living near New Martinsville, shot and killed William Williams, fifteen years old, because he found the lad in his blackberry patch. The boy did not vacate the premises as quickly as Brown desired, and he shot him. The farmer was arrested and the community is greatly excited, the police fearing an outbreak.

Cannibalism Rampant.

Berlin, July 30.—Official reports from the colonial authorities in German West Africa describes an outbreak on the part of the cannibal tribe of the Njems in the German Cameroons. It is stated that during this June this tribe devoured 2,000 negroes and eight white persons. The German military force in the district is too weak to cope with the savages and they have practiced their cannibalism undisturbed.

No Known Cause for It.

Vincennes, Ind., July 20.—Austin C. Beeman, an old soldier, committed suicide here. He placed the muzzle of a shotgun in his mouth and pulled the trigger, blowing off the side of his face. He was seventy-one years old and leaves a wife and family of six children. No cause is assigned for the act.

Red is the color of danger, whether on the semaphore or on the skin. When the face is reddened by eruptions, when boils break out on the body, or the angry red of sores and ulcers is displayed in the flesh, it is nature's danger signal. The blood is obstructed and tainted by impurities, and there can be no safety until the blood is made pure.

Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the effete matter which clogs and corrupts it. It cures pimples, boils, eczema, scrofula, sores, ulcers and other consequences of impure blood.

"I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Hood, of Kakaka, Mich. "I suffered with scrofula of the head for twelve years. Tried every kind of medicine that I heard of but found no cure. Every one that looked at my head said they never saw anything like it. The last doctor I doctored with before applying to you I got worse every day. Was so miserable that I was unable to do any work at all. After taking two or three bottles of your 'Golden Medical Discovery' and using the local treatment you prescribed for me, I was cured and my head was entirely free of scrofula."

Accept no substitute for Doctor Pierce's Golden Medical Discovery. There is no other medicine which is "just as good" for diseases of the blood and the eruptions which are caused by the blood's impurity.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the book in paper covers, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

VICE PRESIDENT FAIRBANKS is resting from his official labors at his Indianapolis home, where he receives his friends who come from all parts of the country simply to pay their respects to a man they esteem, for the office he holds, carries little with it in the shape of patronage.

SAYS Governor Hanly: "When became Governor of Indiana there were certain laws regulating liquor traffic and prohibiting gambling which were not being enforced. I took my oath to enforce the laws and I shall do it to the letter regardless of circumstances. I shall make no compromise with the saloon keepers and gamblers. My political future is of no consequence whatever when weighed in the same balance with enforcement of laws in Indiana."

Water Pressure.

The pressure of water in the hydrants has been unsatisfactory for a few days and will continue unsatisfactory for a little while as the Water Company is installing the new machinery in the pump house, that is necessary for making the connections with the new filter house. Patrons are requested to refrain as much as possible from extravagant use of water so that in case of fire there may be as much pressure as possible. The Water Company is making the change with as little delay and inconvenience as possible to its patrons and when completed Seymour will have one of the best water systems in southern Ind.

At Cards.

Mrs. J. L. Blair gave a very pleasant card party yesterday morning followed by an excellent noon luncheon at her home in honor of Mrs. Max Herz of New York City, a sister of Mrs. N. Kaufman, Mrs. D. A. Sutherland of Columbus, and Mrs. Charles Ingram, who is soon to leave on a pleasure trip. At her home on North Poplar Street last evening Mrs. Mark Williams again entertained at a card party complimentary to the same out of town guests. The visitor's prize was awarded to Mrs. Herz and first prize to Mrs. H. C. Haydon. After cards refreshments were served.

To Secure Parole.

Judge John M. Lewis was here today to secure the names of the jury which tried and convicted Francis M. Coryell for murder about seven or eight years ago. The case was brought here on a change of venue and Judge Hord presided at the trial. Judge Lewis was one of the attorneys for the defense and he is now interested in securing a parole for Coryell. Judge Hord gave him a statement today favorable to Coryell.—Columbus Republican.

Runaway.

This afternoon George Frederick's horse created a little excitement by running away. As it came south on Chestnut street with only a pair of shafts attached, it fell under E. L. Hancock's grocery delivery wagon, but got out and started on The back axle of the wagon was bent. The horse was injured somewhat in the encounter.

Picnicking at Shields.

Two backlogs of picnickers drove to a cool, shady spot near Shields' mill this morning to spend the day. The party was made up of the families of N. M. Carlson, T. J. Stanfield, Dr. J. K. Ritter, Chas. Graessle and J. H. Boake, of Seymour, and Mr. and Mrs. Geo. C. Purvis, of Indianapolis.

Jennings County Wheat.

Probably the best yield of wheat in the county this season was that of 45 acres at Zenas, which produced 1,125 bushels. This wheat was raised by Henry and Dave Eberwein and C. D. Baldwin. There might have been some acres that raised more than 25 bushels, but as far as we have heard, for the 45 acres this yield has not been equalled.—Vernon News.

Bert Cox and wife who have been visiting Mrs. Cox's parents, H. D. Sutton and wife near Flemmings returned home today.

GINSENG

Promises Big Money In Brown County.

Lon Cox and Roy Emig, of Columbus the village eighteen miles north, have a ginseng patch at the edge of Brown county, which may, in time, be as valuable as a gold mine. At present there is about an eighth of an acre under cultivation, and the two young men have seed enough stored to plant a half acre this fall. Next year they will plant another half acre, and there will be nothing to do then but wait until the plants are old enough to sell. They figure that in six years the patch ought to bring \$60,000, and experts have told them this estimate is not too high. As an example of the price of ginseng, they tell of one plant they had last year which had 253 seeds on it. Each one of these seeds is worth two cents, so with an acre of the plants and numerous seeds to each plant the value of the stock can readily be seen. The beds in which the ginseng is planted must be covered to protect them from the sun, and also from field mice and other animals.

Ginseng has been cultivated in this vicinity several years and some Seymour people are now interested in ginseng culture.

Wheat Threshing.

Reports indicate that there are twenty-seven threshing machines at work along White river in this county between Reddington and Vallonia. These will thresh about 20,000 bushels of wheat per day, so the threshing season will not be long even with the big crop of this year.

50 Bushel Wheat.

Wm. Spray who lives near the county line north of Peter's Switch reports threshing three hundred and one bushels of wheat from six acres of ground. He is justly proud of the record which is the best we have heard in this vicinity this year.

Geo. Wettig and family are moving from South Chestnut Street to the Tormohlen property on Carter St.

John Peters was in from Peter's Cabin today and reports an excellent time at the house party.

Mrs. D. A. Sutherland is spending two or three days with Seymour friends. Mrs. M. A. Barrick, of Seymour, arrived here from Indianapolis last evening and took supper with Mrs. Fred Branham. She returned home on the 8:25 o'clock train accompanied by Mrs. Branham's daughter, Miss Elva.—Columbus Times.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by C. W. Milhous.

HIGH MOUNT.

A large crowd attended the ice cream festival at Spraytown Saturday night and report a good time.

Wilson Weekly and A. Graf attended the meeting at Seymour Saturday night and Sunday.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "It happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and go to a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by C. W. Milhous.

Regimental Reunions and Forty-Second Anniversary Battle Chickamauga.

Chattanooga, September 17-21, 1905.

On September 18, 1905, will occur the forty-second anniversary of the Battle of Chickamauga. It is proposed to celebrate this memorable event with a reunion of the various regiments that participated in this memorable battle, and in addition, to hold at the same time, a grand reunion of all the regiments that participated in the various battles fought around Chattanooga. This reunion will be held at Chickamauga National Park, September 18, 19 and 20, and the present indications are that it will be the largest and most notable gathering ever held in the south. On the above dates, the remnants from the armies of twelve states, comprising the following: Pennsylvania, Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Missouri, Kansas and Kentucky, will assemble, many for the first time since they marched from their blood-stained fields, forty-two years ago.

Grand and glorious will be the meeting and all who attend will have cause to rejoice. The lowest rate ever secured has been given the entire public for this occasion, one cent per mile, short line distance. Here is one of the great opportunities for the education of the youth. Don't fail to take your children and show them the historic Chattanooga, with all its historical connections. It is the opportunity of a lifetime. Go and see the old war generals and other officers who still hold the places of interest on the battlefield; let them show you and explain, in person, the markers erected on the battlefield showing the positions of the opposing armies at the time of battle. It will not be long until now will be left to do this noble work; take this opportunity and don't let it escape you. It is worth six months in the school room to any student.

It will be many years, if ever again, that such an opportunity will present itself. See that your tickets read via the Louisville & Nashville R. R., the Battlefield Route. Call on your nearest railroad agent for rates and advertising matter pertaining to the reunion or write nearest representative of the Louisville & Nashville R. R.

SEEING AMERICA.

Wonderful Scenic Trip Across Rocky Mountains to Oregon Exposition.

In certain respects the excursions to the Lewis and Clark Centennial Exposition, Portland, Oregon, via Pennsylvania Lines, beginning May 23rd and continuing through the summer, offer advantages never before presented to Exposition visitors. The trip to the Oregon Exposition, in addition to the attractiveness of the extensive exhibits, includes the journey through the scenic wonderland of the Rocky Mountains and the Cascade Range, and what American has not looked forward from the days of the geography class in school to the time when those great sights should be seen in reality? The time was never so favorable as now. The trip may be made less expensive than ever. For only a slight difference in fare tourists may extend their trip to San Francisco and Los Angeles. The return trip may be made over a different route, enabling travelers to view much more of the west. For full particulars, fares, dates of special excursions to Portland on account of conventions, through time and passenger service apply to ticket agent of Pennsylvania Lines.

Men Speak Into Victor.

A most important step has been decided upon by the trustees of the British museum. As advocated by the London Evening News several months ago, the trustees of that institution have accepted the offer of the Gramophone Company which agrees to furnish without cost, records of the voices of famous personages of all countries. These records will be made jointly by Gramophone Company and the Victor Company. Many distinguished men of America will be asked to speak into the Victor, and with the approval of the trustees of the British museum, these imperishable voice records will be deposited in the archives of the museum.

Defying Arrest.

A special from Crothersville says: "An unsuccessful attempt has been made by the authorities to capture Charles Abbott, who is wanted for the alleged murder of William Cox, an old man near this place. At the time of the assault and battery on the old man Abbott was arrested, but he escaped from custody, as he had previously done when arrested for other offenses. Cox died of his injuries since which time Abbott has been hiding in the woods, heavily armed and aided by friends. The attempt last night to capture him proved futile. Editors at Winona.

The most notable gathering of Republicans in Indiana this year will be the mid-summer outing of the Indiana Republican Editorial Association, which opens at Winona Lake, July 25. It will really be a love-feast, of the party, with no fixed program other than a general good time in the deep woods and on the waters of the Lake. Senator James A. Hemenway, Congressman Watson, Charles B. Landis, Fred Landis, and John C. Chaney, as well as State Chairman James P. Goodrich, will attend the meeting, and Congressman George W. Cromer, of the Eighth district, and Congressman E. D. Crumpacker, of Valparaiso, have written that they hope to attend the gathering. All of these will probably speak to the editors and other visitors who will be here. Winona park is to be turned over to the newspaper fraternity and a number of excursions and entertainments are being planned for them.

First Car Load.

The first car load of nutmegs to be shipped from Seymour was shipped north last night. The car weighed 18,000 pounds, approaching the maximum permissible weight of 22,000 pounds. It was the largest single shipment of the kind that has ever left Seymour before. H. C. Boyer, Andrew J. Haskett and F. E. Glosson brought in these and are probably the largest nutmegs raisers in this vicinity. The prices on these hold good, averaging about 75 cents a basket. Watermelons will be ripe around here in about two weeks.

WILL TRY IT AGAIN

George Hitz Going After Indianapolis Maycracy Once More.

Indianapolis, July 29.—As expected George Hitz has announced that he will make another race as an independent candidate for mayor. He ran that way two years ago, but his campaign was managed by the Prohibitionists, who are anxious to renominate him at their convention July 25. Hitz secured nearly 6,000 votes in 1903, but it is not believed he will be half as strong this time, as it is pointed out that he is making his fight especially against Charles A. Dockwiler, the Republican nominee, as he stated before the primaries that he would not run if Frank D. Stalnaker headed the Republican ticket.

The report a few days ago that Chairman Goodrich was about to enter the race for the Republican nomination for treasurer of state has served to call the attention of the party leaders to the fight that is now going on for the place. There is still some doubt in the minds of many as to what Chairman Goodrich proposes to do, but it is safe to say that he will not be a candidate for treasurer. There are at least three very lively candidates for the position. For instance, John Dyer of Hammond has been setting a very lively clip for the last year. Jonee Monahan of Orleans is carrying on a voluminous correspondence to the party workers in addition to making the rounds among them as rapidly as possible. T. B. Millikan of New Castle, an old and seasoned campaigner, is hard at work and is making hay. Dyer, Monahan and Millikan are doing most of the running, although it is said that Jake Joel of Crawfordsville is doing considerable work. Oscar Hadley of Danville is regarded as a candidate. He is being championed by Julian D. Hogate and other well-known Fifth district politicians, and may cut a sturdy figure at the convention.

The following are a few "hot weather" suggestions by Dr. John N. Hurty, secretary of the state board of health, who is one of the most noted sanitarians in the country:

Be very temperate.
Don't over-eat, and especially leave beef out of the dietary.

Live on fruits, milk, eggs, vegetables, cereals.

Leave alcohol absolutely out of your life. Beer and whisky are the great primary causes of sunstroke.

Those who are compelled to work in the sun should wear straw hats with leaves or a wet cloth in the crown.

Woolen should be worn next to the skin.

Keep cool; don't get excited; banish worry; don't fret.

Drink freely of cool, pure water.

Don't pour down ice water.

Dr. Hurty says it is rare to find a person suffering from sunstroke whose stomach was not overful or who had not been indulging in alcoholic spirits.

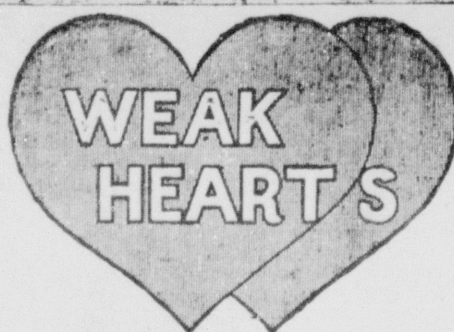

The special committee appointed by the Knights of Pythias grand lodge of Indiana to let the contract for the erection of a twelve-story office building here on the point of Pennsylvania street and Massachusetts avenue met today. John McCardle of New Richmond, James P. Goodrich and other prominent knights are members of the committee. The meeting today was for the purpose of letting the contract for the construction, for which a number of bids were received. Members of the committee state that work is to begin within a short time, and it is hoped to have the building completed within a year. The lodge will have two floors, but the remainder will be cut up into office and store rooms. The building will be one of the finest lodge structures in the West, and will cost over \$300,000.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, sour stomach, inflammation of the mucous membranes lining the stomach and digestive tract, nervous dyspepsia and catarrh of the stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

HAS HIGH HOPES

Captain Bartlett Expects to Carry the Roosevelt Far North.

North Sydney, C. B., July 19.—Captain Bartlett, who is to take command of the steamer Roosevelt in the Peary Arctic expedition, has arrived here to await the arrival of the Roosevelt. Commander Peary is expected today. It is thought that the Roosevelt will sail from here on Thursday. Captain Bartlett stated that he hoped to pilot the Roosevelt to a point 300 miles north of Etah to latitude 83, or to a point farther north than any steamer has previously reached except the Fram, in which the Nansen expedition drifted to latitude 84. Peary's first base will be at Etah, which will be connected with stations further north by wireless telegraph, so that all movements may be reported to the base. It is planned that the course of the steamer after leaving Etah will be through Smith's sound, Kane basin, Robinson channel and Kennedy channel. Captain Bartlett expresses doubt whether the steamer can be brought back. He thinks it likely that she will be crushed in the ice. In that event the expedition will work back over the ice to Etah, there to take a relief steamer. The crew will consist of eight picked Newfoundlanders.

He Lost His Job.—Chairman Paul Morton of the Epitaph Life Assurance Society has summarily removed as comptroller T. D. Jordan and appointed in his stead William A. Day, assistant attorney general of the United States. Chairman Morton gave out a statement in which he said: "The reason for Mr. Jordan's removal was his refusal to furnish me information regarding important transactions of the society which I am investigating."

Plaint of a Bishop.—Of Bishop Bathurst, who was a great whist player, it is related that on hearing the name of a new appointment in the chapter there was wrung from him the passionate exclamation, "I have served the Whigs all my life, and now they send me down a canon who doesn't know clubs from spades!"—London Mail.

Mental Effort.

"It is stated," we observe to the bald-headed man, "that the hair of mental workers falls out sooner than that of men in other line of endeavor. Is your profession one of great mental effort?" "It certainly is," he replied. "I compose the glowing advertisements of hair tonics!"—Judge.

CASS IS BANKRUPT

Defalcation of Treasurer Obenchain Leaves Cass County Up Against It.

SHORTAGE UNSETTLED

Bondsmen of the Runaway Keeper of the Strong Box Have Not Yet Discharged Obligation.

As a Consequence the Commissioners Are Facing a Perplexing Situation.

Logansport, Ind., July 20.—The announcement is made that Cass county is bankrupt because of the delay of the bondsmen of Elder Frank Obenchain, the defaulting county treasurer, in settling the shortage, and it is asserted that bonds must be issued after Aug. 1 to pay current expenses, the various funds being confused and depleted by disbursement among townships. Of the \$148,000 in the treasury this week, \$104,000 has been checked out to the townships, leaving \$44,000, with the addition of \$11,500 since collected, to meet the demands of various funds calling for nearly \$100,000. Two commissioners are said to be willing to accept \$40,000, and one is willing to accept \$50,000 in settlement of the \$60,000 shortage, but the proposition has not been made to the bondsmen. The report of the alleged bankruptcy of the county is disputed by the bondsmen, who claim that in view of the county's assessed valuation of \$25,000,000 taxables and little indebtedness, the credit of the county is as good as ever, and better than many others. The county had no difficulty in selling numerous road and ditch bonds this year.

NO ONE HELD

Coroner Returns Non-Committal Verdict in Upton Wreck.

Mt. Vernon, Ind., July 20.—Dr. J. W. Darnell, coroner of Posey county, has completed his inquiry into the causes leading to the freight collision on the Louisville & Nashville railway near Upton, by which several persons were killed and a number were seriously injured. Several witnesses were examined, among them Mr. Hart, assistant chief train dispatcher at Evansville, and Morton Whitney, night operator at Mt. Vernon, and the coroner reported that the testimony against Hart and Whitney was not sufficiently strong to warrant holding them for grand jury action on the charge of criminal negligence. He found that the wreck was due to confusion in train orders, such as might occur on any railway at any time, and that neither Mr. Whitney nor Mr. Hart were entirely at fault. It is understood that the finding ends the case so far as these two persons are concerned, as there is little probability that the matter will be taken up by the grand jury.

Masher Gets His Deserts.

Elkhart, Ind., July 20.—George Siedel of this place received a whipping from a Chicago young woman which he will remember for some time. The lady, who came from Chicago, was walking up and down in front of the depot when Siedel attempted to open a conversation, when the young woman hit him a hard blow in the face with her fist. She then picked up a monkey wrench from a truck and brought it down on his nose. Siedel is laid up for repairs.

A Bride's Suicide.

Muncie, Ind., July 20.—Mrs. Curtis Baugher of Marion, sixteen years old, and a bride of six weeks, swallowed arsenic after two days' dissipation in this city, and died. She came to this city with two other young women, and, despondent it is thought because of her escapade, she purchased arsenic and swallowed it. She was the daughter of the Rev. C. B. Messler of Marion, and a member of a highly respected family.

Conducted Operations Openly.

Indianapolis, July 20.—Gus Rahke, Frank Painter and Edward Roberts, charged with making a "hand book" on races, hotels and even on street corners, were held in police court in bonds of \$100 each, and their cases were continued to next Tuesday. It is charged that the gambling operations of the trio were being carried on without any apparent effort at concealment.

Want Hollanders to Come.

Morocco, Ind., July 20.—An effort is making to establish a colony of Hollanders in the northern part of Newton county. The soil in that section of the county is well adapted for small farmers, and the Indiana Harbor railway, now in process of construction, will afford special facilities for getting produce to market.

Suicide in Park Creek.

Kokomo, Ind., July 20.—Edward Fridlin, aged seventy-four, retired Kokomo merchant, was found dead in Kokomo creek at the city park. He drowned in water but fourteen inches deep. He was in poor health and death is attributed to suicide.

Victim of Lockjaw.

Elkhart, Ind., July 20.—Fay Arms, nine years old, who stepped on a rusty nail, is dead of lockjaw.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

CURED OF BRIGHT'S DISEASE.
Mr. Robert O. Burke, Elmora, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One so-called bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited.
